What We Are Up To

Thank you to everyone who attended Back to School night. Amy and I loved showing you the fun ways that children learn. It is a busy day and we know that they are tired when they return home to you. As always, if you have any questions or concerns, please don't hesitate to contact us.

LEARNING IS FUN!

On Friday, we began to study our five senses. We took a long walk through the woods with collection bags and magnifying glasses. We found things that were hard, soft, and bumpy. We also used our eyes to see different bugs, plants, and rocks. This week we will listen for sounds outside and smell some different smells.

CONFERENCES

Parent Conferences will be held on Thursday evening, October 6 from 5:30 - 8:00 and on Friday, October 7 from 8:00am - 1:30pm. Attached is the sign up sheet. Please choose two different times and put your child's name in the slots. We will send out a master schedule the beginning of next week.

Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood. –Fred Rogers
