Don't Forget

Wednesday, October 19
Picture Retake Day

Thursday, October 20
Braehead Farm Field Trip

Friday, October 28
Spider Day

Monday, October 31
Halloween Parade

Tuesday, November 1
Professional Workday

What We Are Up To

What fun we had sharing our letter parade with each of you. The children were wonderful and loved their first performance in front of an audience. Our next event will be the trip to Braehead Farm on Thursday and then "Spider Day" which is a kindergarten tradition. We will be learning about characteristics of spiders as well as constructing many different spider projects. Please send me a quick email if you would like to help with Spider Day. It will happen from 10:30-12:30 on October 28.

LEARNING IS FUN!

Later this week, we will use our pumpkins to learn about weight and measurement. We will also test each pumpkin to see if it will float. We will then make pumpkin pancakes which are always a hit!

HALLOWEEN

The annual Halloween Parade will be held on Monday, October 31. All children may wear their costumes to school on that day. The parade will be at 9 am and then we will have a special Halloween snack. Each child should bring school clothes and tennis shoes in a labelled bag so that he/she can change out of the costume after the parade. (Monday is a PE day.) Parents are invited to attend the parade and even dress up!

There are over 40,000 known species of spiders in the world, and North America is home to around 3,400 spider species.
