Math Fun Through Games!

What We Are Up To

ALPHABET BOOT CAMP

What a success it's been! This week we learned about the Letters E, F, G, H, and I. The children are sorting upper and lower case letters and learning the sounds of each letter using words that begin with that letter.

MATH

We continue to work on forming our numbers the correct way and counting using a variety of manipulatives including fingers, stickers, dabber dots, etc. Our class also has fun playing math counting games (teachable moments for sure!)

PLAYSCAPE

Our students are so creative! We played on the playscape and they enjoy riding trikes down a hill, using the sand kitchen for cooking, gazing at the garden, and having a fabulous time outside using their imaginations!

OPEN HOUSE

Thank you to everyone who was able to attend our Open House. We enjoyed speaking with you about all the exciting things going on in Kindergarten this year.
