HISTORIC KENMORE

Our class had a great time visiting Kenmore and seeing the fourth graders' hard work.

READY FOR FIRST GRADE?

Excitement is growing as we enter into the last few weeks of Kindergarten. Your children have grown so much this year and they are excited for First Grade. Please help them as they gain independence and allow your child to wear his/her own backpack to the classroom and let them unpack on their own. They also want to show you they can do it AFTER school walking to the car. You will witness their pride in being "First Grade Ready."

OUR CHICKS ARE GROWING

We've had such fun watching our chicks growing in their eggs. This week, we could see the babies moving around in the egg, Mrs. Addis taught us What Are Chicks, What do they Have and What do they Need. The brooder (where the chicks will live after hatching) was brought into our room and the countdown is on to witness the chicks pip out of their shells.

BUTTERFLIES

As if we don't have enough animals in our classroom already (LOL) we are excited to introduce caterpillars into the mix. They joined us early this week and already have changed into chrysalises. We'll be watching them and are excited for them to turn into beautiful butterflies.

LIBRARY BOOKS

Please return all library books by Monday, May 20.

If nothing ever changed, there would not be any butterflies.
